

History of Electrodermal Activity

- Fere
- Jung

10/29/2001

Mechanism

- Eccrine Sweat Glands
- Apocrine Sweat Glands
- Sympathetic Innervation

10/29/2001

Electrodermal Activity (EDR)

- Exosomatic
 - Galvanic Skin Response (GSR)
 - Skin Conductance Level (SCL)
 - Skin Conductance Response (SCR)
 - Skin Resistance Response (SRR)
 - Skin Resistance Level (SRL)
- Electrodermal Response (EDR)
- Endosomatic
 - Skin Potential Response (SPR)
 - Skin Potential Level (SPL)

10/29/2001

Measuring Electrodermal Activity

- o Tonic Activity Level
- o Phasic Responses
- o Law of Initial Values
- o Orienting Response (OR)

10/29/2001

Psychophysiological Studies

- o Information Processing
- o Affect Intensity
- o Verbal Learning
- o Conditioning
- o Abnormal Psychology
- o Prosopagnosia
- o Unconscious Recognition
